## CRIMINAL COMPLAINT

I, the complainant in this case, state that the following is true to the best of my knowledge and belief.

On or about the date(s) of Dec. 17, 2018 in the county of St. Louis in the  
Missouri District of St. Louis, the defendant(s) violated:

Code Section	Offense Description
575.100	Tampering with Physical Evidence
1983	Deprivation of Rights/ Color of Law
14th Amendment	Due process, equal protection, life Liberty + property

This criminal complaint is based on these facts:

Counsels Cynthia Lou Hermann and Counsel Priscilla F. Gunn presented a falsified/fake document, # Exhibit 24. When I informed both of them that I needed to retain their document with my original document the two of them ended the ten minute I requested. When they retracted exhibit #24 currently the actual document presented to plaintiff is missing and is not part of the plaintiff's deposition.
